"All kids can read! A how-to seminar"

Fifteen years of intensive research at the University of Oregon and various national institutes of reading have proven that we can effectively eliminate reading failure if we use the right approaches in kindergarten and even preschool. Come learn about a local three-year grant study utilizing those approaches and more importantly learn how to apply those approaches in your school. This half-day seminar will give a brief overview of the study, its findings, how to implement it, and will provide you with lesson plans and even help you construct the necessary materials.

Participants will learn:

- How the study was implemented
- The findings of the study
- How to utilize the identification and intervention system
- What kinds of materials to use
- How to use the binder of lesson plans provided
- How to create their own intervention materials

WHEN: Registration and donuts at 8:00 AM. Seminar starts at 8:30 AM and will conclude at 12:00 noon.

WHERE: Robert Down School 485 Pine Avenue, Pacific Grove

COST: \$50.00
